

Family holidays at ski paradise Postalm

The mountainous region of the Postalm Skiarena in Upper Austria is a paradise for families with 20 km of best prepared racing tracks and 8 lifts. You can go skiing, snowbiking, tubing, or sledging. The popular funpark has a roofed conveyor belt – the longest one in Europe. Sliding down the tracks on the tubing-tyre, setting speed records on the highspeed airboard or swinging down the slopes on snowbikes – that's real fun.

After a sporty day the ski bus takes you back to the hostel (~45 min) where you can spend the evening in one of our common rooms or relax in the sauna.

You will be staying at our youth hostel in St. Gilgen and will enjoy all the amenities our house has to offer.

- 6 nights accommodation in quad rooms with shower/toilet incl. halfboard from Sunday to Saturday
- Skipass for 5 days
- Sauna (after 19:00)
- free softdrinks and tea for dinner
- free parking and local taxes
